

LED Triple Frame Light

Model: LDL-GIM3-WH

DIMENSIONS

Flange 300mmL x 110mmW

Hole cut: 95mm x 285mm

Cavity depth: 150

Side clearance: 20

TECHNICAL DATA

Total lumens: 1620

Colour temp: 3,000K

Power supply: 220-240V, Double Insulated

Dimmable: Yes

CRI: 80

Wattage: 6

Beam angle: 30°

Control gear: Included

FEATURES

- The double axis gimble design provides a precise control of light beam direction, ideal for wall washing, accent or display Lighting
- Double Insulated
- Full metal case provides forward heat-sinking

SPECIFICATIONS

IC

Number of lamps: 3

Air / Moisture Transfer: Closed

Technology field: LED

Indoor / Outdoor: Indoor

Mounting type: Ceiling, Recessed

Colour: White
